

Quick Update for November 3rd, 2023

Caretaking Cell Phone Numbers – Attaching the list of caretaking cell phone numbers if you want to print it out and have it handy at your location.

Christmas Party - Not gonna beat that dead horse anymore – yes it's been cancelled due to any real ticket sales before more deposits were due. Still going ahead with the kids party on December 9th and that's most important. Please let Janna know in the office how many kids / grandkids will be attending BEFORE November 10th.

OSBCU Classification Meetings – The OSBCU leadership is looking for people interested in helping lead and hold classification meetings for the various areas around the province – they need help and our members can help with the custodial and maintenance meetings. Please read the attachment about how to get in touch and get involved at the provincial level.

Demonstration Next Week – On Monday, November 6, a common front of more than 420,000 public sector workers in Quebec are poised to hold a one-day strike, just one of many steps towards what could be an unlimited general strike in the province. Like Ontario workers, they're fighting for pay that keeps up with inflation—after years of stagnant or frozen wages—and better working conditions and good public services. The workers represent all parts of the public sector: health care, education, social services, municipalities, colleges and universities, and more. Join us for a solidarity rally to support their fight. If they win, we all win!

WHEN: November 6, 2023 at 8AM

WHERE: Secrétariat du Québec aux relations canadiennes, Toronto office, 400 University Avenue

RE: Call for Classification Committee Members

Good afternoon,

As part of the ongoing commitment to the Action Plan, passed at our convention in March as well as our strategic plan, the OSBCU is looking to reinvigorate our Classification Committees.

We are seeking education workers currently working within our classrooms, schools and worksites to participate in these committees. These committees will be comprised of one (1) representative from each area plus a representative from a francophone school board. Committee members will be supported by an OSBCU Executive Liaison who will report back to the board on activities.

Classification Committees will participate in a variety of activities including (but not limited to)

- Facilitating the classification forums
- Planning and implementing campaigns pertaining to the classification
- Encouraging and growing member participation of classification members in activities

All applicants must be endorsed by their local president (we will be ensuring endorsement with each local on applications). Applicants must be from affiliated locals. Applicants may require release time (facilitated by the OSBCU) for activities pertaining to the classification.

The link for application is here: <https://forms.gle/jmueLB2o7eUmVmhu5>

We ask that you circulate this information with your members.

Deadline for applications is Monday November 13, 2023 at 4pm.

If you have any questions please let me know.

Aux : sections locales des conseils scolaires affiliés à la CSCO, conseil exécutif de la CSCSO et représentant du personnel national au service du secteur

Bon après-midi,

Dans le cadre de l'engagement continu envers le plan d'action adopté lors de notre congrès en mars ainsi que notre plan stratégique, la CSCSO cherche à reinvigorer nos comités de classification.

Nous recherchons des travailleurs en éducation travaillant actuellement dans nos salles de classe, nos écoles et nos lieux de travail pour participer à ces comités. Ces comités seront composés d'un (1) représentant de chaque région ainsi que d'un représentant d'une commission scolaire francophone. Les membres du comité seront soutenus par un agent de liaison exécutif de la CSCSO qui fera rapport au conseil d'administration sur les activités.

Les comités de classification participeront à une variété d'activités, notamment (mais sans s'y limiter)

- Animation des forums de classification
- Planification et mise en œuvre des campagnes relatives à la classification
- Encourager et accroître la participation des membres de la classification aux activités

Tous les candidats doivent être approuvés par leur président local (nous veillerons à ce que chaque section locale approuve les candidatures). Les candidats doivent provenir de sections locales affiliées. Les candidats peuvent avoir besoin d'un temps de libération (facilité par l'OSBCU) pour les activités liées à la classification.
