

CUPE 4153 Update

November 22nd, 2024

What do we work over the Holidays next month????

Monday December 23rd - Full day of work for CUPE

Tuesday December 24th - ½ day of work for CUPE*

Wednesday December 25th - Stat holiday

Thursday December 26th - Stat holiday

Friday December 27th - Full day of work

Monday December 30th - Full day of work

Tuesday December 31st - ½ day of work*

Wednesday January 1st - Stat holiday

Thursday January 2nd - Full day of work

Friday January 3rd - Full day of work

- ½ day of work usually means 4 hours of work - buildings with daycares will have to arrange coverage until 1 or 2pm on half days to insure proper cleaning and lockup is done and all FOS staff should be having conversations with their staff about who's working over the holidays and who's covering what times
- If you want to take the entire Holiday Break off - you'll need a combination of 6 vacation or lieu time days and you'll need to get them into the web portal as soon as possible to be approved in time

That's all I got for this week - stuff is happening but not a lot of movement to report on.

Cheers,
Blake
