### Dear Cupe Local 4153 General Membership

My name is Jennifer Stokes, and I am honoured to announce my candidacy for the position of Second Vice President and Negotiation committee. As we continue to face new challenges and strive for progress it is so important that we elect leaders who are committed, passionate, and ready to represent every single one of our members.

### Why am I running?

I believe that our union is strongest when all voices are heard, when we all feel supported and work together as a team. I believe being a certified steward for our local and having a paralegal diploma with experience in contract law gives me the knowledge to prove myself in such a position. It is so important to have strong leadership that will listen, advocate and act in the best interest for everyone, and that's exactly what I will do.

### What I ask of You:

Your support and vote are vital to ensuring that we continue to make strides towards making our work environment a fair and just place for all. Together we can ensure our union can maintain its strength but can also grow for the collective good. Let's keep building for our future.

In solidarity;

Jennifer Stokes
